Mama Shelter

Mama Shelter is the perfect base for exploring the world's capital that is London. Who better to look after you than your Mama London? More than a typical hotel experience, we wanted to make you feel as if you were at home.

An English cottage with hanging macrame and lace napkins, dark woody interiors and stretches of velour, a fireplace to cuddle near when it's chilly outside, but a home with an open door leading to the most vibrant and lively city in the world. Mama London is both cosy and connected, warm in every sense of the word.

Mama will take care of you. At a long table where everyone has a seat, you'll find a home-cooked meal in our expansive yet intimate restaurant, along with our Garden Bar with retractable glass ceiling.

With the best of all things, here is the snugness of home with the freedom of being cut from the quotidian. It's all about MAMA loving you.

With several ateliers and a vast lobby, there are plenty of places to work and to gather along with a private dining room and a couple of karaoke rooms to sing your heart out.
