

PORTELLA

A House Next to the Arab Baths

Palma
de Mallorca

Nestled in a palace from the 17th century, Portella is a manor house with Moorish and Baroque influences. It is built around a lushly landscaped patio, a haven of tranquillity amid the hustle and bustle of Palma. A very intimate residence that makes you feel a peace.

The rehabilitation works have been based on mud, natural stone, iron and wood using local materials and working with Mallorca's finest craftsmen, with the idea that beautiful things develop a unique patina over time.

Opening early 2024, Portella offers 14 exclusive rooms with a perfect combination of history, tradition, and design. The best materials and fabrics have been carefully selected to deliver an extraordinary and authentic experience.

Taking care of every single interaction, our staff will help you to get the most of your stay removing the transactional nature of hospitality and service, making you feel home and enjoy an unforgettable experience.
